

## USING GROUPWISE 7 WEBACCESS

### Start your web browser (Internet Explorer)...

1. Type [gwmail.tbh.net](http://gwmail.tbh.net) into the Address bar, press Enter
2. If you get "There is a problem with this website's security certificate", click [Continue to this website \(not recommended\)](#) to continue
3. At the Logon screen, enter your TBRHSC network **username**
4. Enter your TBRHSC network **password**
5. Click **Login**

The main GroupWise window opens, with the Mailbox tab selected

To Exit WebAccess:

1. Click **Logout** in the upper right corner

### ~ MAILBOX FEATURES ~

Create a New Mail Message and Attach a File:

1. Click the **New** button  
A separate Mail Message window opens...
2. Type the **recipients name** in the To field
3. Type the **subject of your message** in the Subject field
4. Type your **message**

Before you send your message...

If you are Sending an Attachment with your message:

5. Click the **Attachments** tab
6. Click the **Browse** button
7. From the Choose File dialog box, navigate to and **select the file** you want to attach
8. Click **Open**
9. Click **Attach**

Your file appears in the box below the Select File field.

10. Either click back on the **Mail** tab to make any additional changes to your message,
11. Or click **Send**

Add a Signature to a Message:

1. Click the **Options** button in the upper right corner of the main GroupWise window
2. Click the **Signature** tab
3. Click the **Activate Signature** check box
4. Type **your signature**
5. Either, Check to **Automatically add signature** Or, **Prompt before adding**
6. Click **Save**
7. Click **Close**

Read a Message:

1. Click the **message** you want to open from your Mailbox item list

A Mail Message window opens displaying the message...

2. From this window you can **Close, Reply, Forward, Move, Delete, Print, etc.**, the message by clicking on the buttons on the toolbar

Working with Attachments:

1. Click the **message** item you want to open  
The attachment appears in the item's header.
2. Click one of the hyperlinks to **[View], [Open],** or **[Save As]** the attachment

**View:** Uses the GroupWise viewer to see the attachment

**Open:** Uses the appropriate program to open the attachment - if available

**Save as:** Allows you to download and save the attachment in the location of your choice

### SETTING MESSAGE OPTIONS

You can set sending options for your message to request a reply, require return notification, or classify your message. These options can be set for a single message or automatically for all messages you send.

Set Message Options for a Single Message:

1. In a new message, Click the **Send Options** tab
2. Click the **Classification** down arrow - to classify your message as **Normal, Proprietary, Confidential, Secret, Top Secret,** or **For Your Eyes Only**
3. Click a **Priority** option to assign to your message - **High, Standard,** or **Low Priority**
4. Click a **Reply Requested** option & **set days** - to inform your recipient when you require the reply
5. Click the **Return Notification** down arrows - so GroupWise will inform you when a message was opened or deleted, or when an appointment was accepted or declined

Set Message Options for All Messages:

1. Click the **Options** button in the upper right corner of the main GroupWise window
2. Click the **Send Options** tab
3. **Specify options** using the same method for setting options for a single message

### MANAGING SENT ITEMS

In the Sent Items folder, you can delete, retract messages, and track message status. Only internal unopened mail messages will be retracted.

To Delete or Retract a Message:

1. Click the **check box** next the message item
2. Either, Click **Delete From This Mailbox** to delete from your sent folder, Or Click **Delete From All Mailboxes** to retract the message from your recipients mailbox

To Check Status of a Message:

1. Right-click the message item
2. Click **Properties**

## MANAGING FOLDERS

Folders allow you to organize your messages. After creating a new folder, you may need to click the Update button for the screen to refresh so that the new folder will appear. If needed, you can use the Delete Folder tab to remove folders from your list.

Create a Folder:

1. Click the [Manage Folders](#) button on the Mailbox toolbar
2. Click the [Add Folder](#) tab
3. [Type a name](#) for the new folder in the Folder Name field
4. [Choose the location](#) for the new folder.

**Down** locations will be on the same level as the Mailbox folder **Right** locations fall within the folders next to them

5. Click the [Add Folder](#) button at the bottom
6. Click [Close](#)

Move Items between Folders:

1. From the Mailbox, [click & drag the icon next to the message item and drop it onto the a folder you created in the previous step](#)

Or

1. [Open](#) the message item
  2. Click the [Move](#) button
  3. Select the destination folder
- The Move window closes.

## THE WORK IN PROGRESS FOLDER

If you don't have time to complete a mail message, you can save the message item to the Work in Progress Folder and finish it later.

Save a Message to Complete Later:

1. In a new message, click the [Save](#) button

The Folder List will open

2. [Click the option button](#) next to the Work in Progress folder
  3. Click [OK](#)
- You are returned to the message you are composing...
4. [Close](#) the message

When ready to Finish the Message:

1. [Open](#) the saved message
2. [Complete the message](#)
3. Click [Send](#)

## ~ CALENDAR FEATURES ~

Click the Calendar tab on the main GroupWise window to view your personal or group appointments by day, week, or month.

To Post a Personal Appointment:

1. Click the [down arrow](#) on the [New](#) button
  2. Select [Posted Appointment](#)
- A separate Posted Appointment window opens...
3. Type a [Location](#), [Start Date](#), [Time](#), and [Subject](#), as well as any details
  4. Click [Post](#)

To Schedule a Group Appointment:

1. Click the [down arrow](#) on the [New](#) button
2. Select [Appointment](#)

A separate Appointment window opens...

3. In the To box, [Type the names](#) of those you would like to invite, OR click the [Address Book](#) button and select the names from there (make sure your name is included)
4. Enter the [Location](#), [Start Date](#), [Time](#), [Subject](#), and other details
5. Click [Send](#)

## USING THE ADDRESS BOOK

You can quickly find and select users, resources, and groups to address items to from the Address Book.

To Find an individual in the Address Book:

1. Click the [Address Book](#) button from your new appointment window
- The Address Book window opens...
2. From the 1st drop down arrow - select [Name](#), [First Name](#), [Last Name](#), or [Department](#)
  3. In the second drop down arrow - select [begins with](#), [equals](#), [does not begin with](#), or [not equal](#)
  4. In the third box - type the first character or characters of the name you are searching for
  5. Press [Enter](#) or click [Search](#)
- A list of matched names appear.

To Select individual(s) from the Address Book:

1. Click the [check box](#) next to the name
  2. Click the [To](#) button
- The name is added to the To list. Repeat until all individuals are found and selected.
3. Click [OK](#)
- The To field of your appointment is updated to reflect your selections.

## PERFORMING A BUSY SEARCH

If you are inviting others to a meeting and want to avoid a scheduling conflict, use Busy Search.

1. After selecting names and a date & start time for the group appointment
  2. Click the [Busy Search](#) button
- A list of [Available times](#) will appear at the bottom of the Appointment window...
3. Click the [time of your choice](#)
- The time and date fields are updated to reflect your selection...
4. Click [Send](#)
